

# Premium Series

setting the standard in **quality** and **performance**

belt drive  
**1/2 HP**  
garage door opener

**3280**

## quiet...tough... smooth belt drive

Tough as a steel-belted tire. Count on smooth-running power and reliability year after year. Perfect for homes with living space above the garage.

### multi-function control panel

Controls your garage door and turns opener lights on/off from inside garage. Locks out all outside radio signals while you're away. Includes an adjustable light timer and an illuminated oversized push button for convenience.

### Security+® 3-button remote control

With rolling code technology, you are assured of a new code with every use. Every time you push the button, the code automatically rolls over to any one of over 100-billion new codes, never to be repeated. Operates up to 3 garage doors.

PROFESSIONAL

## features that make a difference

### brighter light...better control

200 watts of light. 1 1/2 to 4 1/2 minute delay setting control. Plus, hinged lens allows easier bulb replacement.

### exclusive! The Smart Garage Door Opener®

Lets you electronically program security codes from the multi-function control panel or the powerhead.

### Quick-Connect™ terminals

Push-in wiring for quicker installation.

**LIFETIME MOTOR WARRANTY**

## all the safety you need

### The Protector System™

Projects an invisible light beam across garage door opening. If anything interrupts the beam while the door is closing, door automatically reverses before making contact. If beam is obstructed, door will not close.

### equipped with PosiLock®

Once your garage door goes down, it's securely locked with PosiLock®, a patented Chamberlain® feature. An intruder cannot gain access.

### manual release handle

In a power failure, this feature releases the garage door for manual operation.

The in-vehicle universal remote control. See your automobile dealer for availability.

## enhance your lifestyle with optional accessories

### enter without a key

Open your garage door without using a remote control and close with just the push of a button. Also can be programmed with a temporary entry code for friends and service people.

wireless keyless entry with Security+®

### know for sure the door is closed

Lets you know whether the garage door is open or closed from any room in the house. A flashing red light shows the door is open; a glowing green light indicates the door is closed.

garage door monitor

### walk into a bright garage

It sees you coming! Turns garage door opener lights on automatically when you enter the garage.

premium motion-detecting control panel

### park perfectly every time

The high-tech solution that helps you park perfectly in your garage! As you pull into your garage the laser is activated and projected onto your dashboard, making it easy to park in the same spot every time.

laser garage parking assist

#### MOTOR
